DayTerminal

BUSINESS & SALES · DEMO · WEB APP

EDEL Investment GmbH
As of: 12 November 2026

Cash pickup points at a glance.

DayTerminal shows cash pickup points at retailers on a map: search shops by place or sector and open merchant cards with address, offer and contact details. A live display counts visitors, people picking up and card turnover. Currently a demo with fictitious shops in Monheim am Rhein; the preview is only available with access details or an invitation link.

Use cases

Find a pickup point

Search the map by shop, place or sector – from supermarket to pharmacy.

Open a merchant card

Address, offer and contact details of a pickup point on a page of its own.

Follow along live

The live display counts visitors, people picking up and card turnover – today and in total.
